

# Here's a carbon copy that's better than the original.

Introducing the PEASE  
CARBON DOOR System.

It looks like wood and  
outperforms it in every way.

carbon fiber is pretty amazing stuff. And even more  
amazing is the new line of doors Pease has  
constructed from carbon fiber, the same  
material that's revolutionized everything,

It's won sports  
championships  
It's topped 240  
miles per hour.  
It's even travelled  
into outer space. Yes,

from sporting goods to space travel. Pease Carbon  
Doors are available in dozens of beautiful door  
designs and two authentic wood grain options—oak or  
walnut. And at just \$439, people  
everywhere are beating a path to  
this door. To experience the door that's

literally changing the industry,  
stop by your nearest  
Pease Dealer or call  
1-800-88-DOORS.
